I am a driven web developer and capable of adapting to different environments and learning styles. I am eager to learn and develop new skills. I am a dedicated addition to any team.

Skills

Computer Languages: HTML, CSS, Bootstrap, Javascript, GitHub

Software Platforms: PhpStorm, Git, Command line, Node.js

Other: Version Control, Object Oriented

Recent Experience

Caretaker

2017-2018

- Managed a daily schedule for children age 3, 7, and 11 years old.
- Learning coach for 1st and 5th grade.
- Implemented learning styles and social skills for all three children.

Respite Coordinator

2016-2017

“Open Skies Behavioral Health”

- Coordinated an after school program for children diagnosed with behavior disorders ages 4-12 years old for 2 centers in Albuquerque.
- Created monthly calendar for both centers.
- Created weekly employee schedule.
- Facilitated interactive activities and interventions for children to build social skills and self confidence.
- Trained incoming staff.
- Wrote daily notes of interaction with children in the program that I interacted with directly.

Substitute Teacher

2014-2017

“Albuquerque Public Schools”

- I worked short term position and long term positions for various grades ranging from kindergarten to 12th grade.
- Created daily lesson plans for classroom sized of 13 to 32 students.
- Interacted directly with staff and attended professional development seminars.
- Facilitated conferences with parents and staff.

Education

Deep Dive Coding Bootcamp

2018

Certificate received

University of New Mexico

2011-2016

Studied criminology and interpersonal communication

Community Engagement

Organ Transplant Awareness Program

I am an active member of OTAP where we attend and volunteer at different health fairs and community events where we promote organ donor awareness and we host an Annual Donor Dash in April, Donate Life month.
